The phrase "cat who talked turkey" is not widely documented as an idiomatic expression in mainstream English language sources. However, it can be understood as a metaphorical or humorous construct, combining two familiar elements: the cat, often associated with independence, mystery, and unpredictability; and the turkey, a symbol of foolishness or verbosity, especially in American slang ("talking turkey" meaning to speak frankly or directly).

Its usage likely stems from regional storytelling, folk tales, or humorous anecdotes, where animals are anthropomorphized to serve as allegories or comic relief. The combination of these animals may symbolize a scenario where an unexpected or unlikely communication occurs?an "impossible" event that captures the imagination.

Etymology of Related Phrases

- "Talking turkey": This phrase, more common in American English, means to speak frankly, directly, or seriously. - "Cat" in idiomatic expressions: Cats often symbolize independence, curiosity, or slyness. Phrases like "cat got your tongue?" or "cat's out of the bag" reflect this animal's cultural significance.

The pairing of a talking cat and a talking turkey seems to be a fusion of these themes, emphasizing unusual communication or absurdity.

Literary and Cultural Representations

Folklore and Mythology

While stories of talking animals are abundant across cultures?such as the Egyptian god Bast, the Chinese zodiac animals, or the European fairy tales?specific tales of a talking cat who converses with a turkey are rare or nonexistent as traditional folklore.
