- Contextual Application: Have students analyze data from an experiment or a historical event.
- Active Engagement: Use a word map to explore "significant," including synonyms like "important" or "noteworthy," and ask students to write sentences.

Social Studies: "Contrast" and "Persuade"

- Restate in Own Words: Students paraphrase "contrast" as "to show differences between two things."
- Visual Representation: Create Venn diagrams comparing two historical figures or events.
- Peer Discussion: Discuss different ways authors might persuade readers, linking to "persuade."

Math Class: "Equivalent" and "Determine"

- Multiple Exposures: Use these words in word problems, class discussions, and written reflections.
- Physical Manipulation: Use manipulatives to demonstrate "equivalent" sets or quantities.
- Assessment: Include questions that require students to determine or explain their reasoning with these words.
