Understanding Women?s Gender Self-Performance

1. Defining Gender Self and Performance

Women?s gender self refers to how individuals experience and express their gender identity, which may align with or differ from societal expectations based on biological sex. Performance, in this context, relates to the ways women enact their gender roles through behavior, attire, language, and interactions. 2. Theoretical Frameworks

Several theories help explain women?s gender self-performance:

- **Gender Performativity:** Coined by Judith Butler, this theory posits that gender is a series of repeated acts and performances rather than an innate trait. Women perform their gender through daily actions, which collectively reinforce or challenge societal norms.
- **Social Constructivism:** This perspective views gender as a social construct shaped by cultural, historical, and contextual factors, emphasizing how women?s performances are constructed and reconstructed over time.
- **Feminist Theories:** Various feminist frameworks analyze power dynamics, advocating for women?s agency in defining and expressing their gender identities beyond traditional roles.
